PROFESSIONAL EXPERIENCE

Executive Vice President

AngelouEconomics | Austin, TX | 2021 – Present

AngelouEconomics is a nationally recognized economic development consultancy. As EVP, core responsibilities span strategic leadership, client advisory, business development, and firm operations.

Strategic Leadership

- Develop and execute company growth strategies in partnership with the CEO; oversee long-range and annual planning and report progress to the board
- Provide organizational vision and leadership; identify new markets, services, and strategic partnership opportunities
- Grew supervised project revenue 415% across tenure at AngelouEconomics (2019-2025), from \$261K to \$1.3M net

Client Advisory & Delivery

- Oversee advisory services across economic impact studies, site selection, feasibility analyses, and economic development planning
- Advise clients on economic trends, financial analysis, and incentive programs; ensure delivery of high-quality, defensible consulting work
- Serve as primary spokesperson for the firm to media, government bodies, and strategic partners

Business Development

- Lead new client acquisition across domestic and international markets; develop and submit winning proposals for complex, multi-year engagements
- Generated \$9.6M in total project value across 150 engagements since 2021 — spanning Fortune 500 corporations, professional sports, major healthcare systems, and live events — with clients across the U.S., Europe, and Latin America including Exxon, Major League Soccer, and Mass General Brigham.

Team Leadership

- Direct and develop a multi-disciplinary professional staff; manage recruitment, intern program, and retention strategies
- Assist foreign-born entrepreneurs with U.S. and Austin market acclimation through the International Accelerator program (AngelouEconomics' sister company)

Senior Project Manager

AngelouEconomics | Austin, TX | 2019 – 2021

- Managed a diverse project portfolio valued at over \$1.1M, spanning economic impact studies, site selection, feasibility analyses, and strategic economic development plans
- Wrote winning proposals for projects valued at over \$1M; directly managed day-to-day research operations and client-specific deliverables
- Conducted primary research, delivered speeches, submitted bids for domestic and international projects, and oversaw undergraduate and graduate student interns
- Established firm's media presence as on-record economic commentator; contributed to stakeholder communications and public-facing research delivery

Honors Learning Communities Coordinator & Interdisciplinary Instructor

University of Nebraska at Omaha | Omaha, NE | 2016 – 2019

- Designed and directed four community service-learning projects in partnership with the Omaha Public Art Commission, Joslyn Art Museum, One Omaha, Omaha by Design, and Lutheran Family Services
- Provided comprehensive academic and career mentorship to 45 honors students across all university colleges; advised fellowship applications and monitored student progress
- Co-authored grant proposals totaling \$866,000: Honors STEM Scholars (\$716,000, Chancellor's Office) and Honors Learning Communities biannual reports (\$150,000, Omaha Community Foundation)
- Taught interdisciplinary honors courses in Geography, Identity, Maps & Society, Geographies of Revolution, and Public Art (avg. class size: 20)

Postdoctoral Research Associate & ARISE Project Coordinator

University of Nebraska-Lincoln | Lincoln, NE | 2014 – 2016

- Coordinated the NSF-WIDER ARISE STEM Education project (NSF DUE 1347814, \$1.99M); tracked all milestones and prepared annual reports to NSF
- Co-facilitated faculty professional development programs in evidence-based pedagogy (Learning by Design, RBIS, Peer Instruction, Just-in-Time Teaching)
- Conducted research on student and faculty behavior to improve instructional effectiveness in large STEM courses; contributed to NSF grant reporting.

Earlier Academic Roles

Texas State University, Texas Alliance for Geographic Education, Central Michigan University | 2007 – 2014

- Instructor, researcher, and community outreach specialist, full details available upon request.
